JOURNEY TO THE EAST

Singaporeans have a great addition to their furniture options since February this year thanks to the opening of the newest branch of Journey East. The generous premises, approximately 6,000 sq ft in size, contains a large selection of eco-friendly and outdoor furniture that give off an aura of solidity and cosiness.

Journey East, 62 Jalan Penjara, The Garden Hub, tel: 6476 0693

BACK TO THE SHOPHOUSE

Even from outside you can readily see the proud array of teak furniture The Shophouse can offer through its great walls of glass panels. It includes tables for the living room, dining room and study, as well as beds for adults and children, available in eight different wood finishes. You'll want to come in, however, to take a closer look at the bevy of complementary items and home accessories from Goodearth India such as tableware, lanterns and bedding.

6 Rochester Park, tel: 6344 0100
